

# TOWERPOINT WEALTH

Dear Friends,

North Korea, pre-season NFL football, the ongoing Russia investigation, Trump Chicken, the Bachelorette finale, and Neymar's transfer - it has been an eventful two weeks. In this 8.11.2017 edition of our bi-weekly eNewsletter, please note the following:

1. The newly-launched Towerpoint Wealth *Lunch & Learn* series of downtown educational workshops - please RSVP and join us beginning August 30th: <https://towerpointwealth.com/lunchandlearn/>

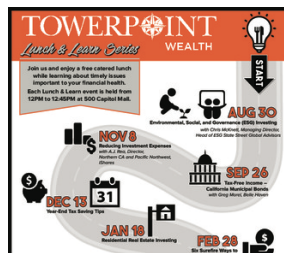

2. Content worth reading this weekend:

- A good article discussing six normal things rich people do that poor people do not. Hint - they realize they are rich before they ever make any money at all. *4 minutes*
- An excellent *Freakonomics* podcast discussing why investors are still willing to pay big fees for subpar investment returns, and how the low-cost index fund continues to revolutionize the investment industry. *48 minutes*
- A nice article from CityWire discussing the launch of Towerpoint Wealth. *3 minutes*

We encourage you to call or email us with any needs, thoughts, and/or feedback, and look forward to connecting with, helping, and being a direct and independent expert financial resource for you.
